

Welcome to the Curtain Sides Barn

Looking for a versatile, modern space to host your next event, activity, or livestock setup? The Curtain Sides Barn offers a flexible, well-equipped environment designed to meet your needs. Here's what makes it a top choice:

Key Features:

- **Size:** A spacious 12,000 square feet of total facility space.
- **Event Area:** The main event space measures a generous 80' x 140' with a high peak, perfect for large gatherings, exhibits, or seasonal activities.
- **Overhead Doors:** Equipped with 4 overhead doors to provide convenient access for equipment, vehicles, and large items.
- **Ventilation:** Air circulation is done with large exhaust fans as well as ceiling fans, motorized curtain sides and a full length ridge vent.
- **Water Access (Seasonal):** Water is available throughout the facility, making it ideal for various uses.
- **Concrete Floor:** Durable and easy-to-maintain concrete flooring for a variety of setups.

Please Note: Restrooms are not available inside the barn but are conveniently located in an adjacent building.

A Bit About the Curtain Sides Barn

Constructed in 2021, this steel building combines modern design with practicality. Its manual ventilation system ensures a pleasant environment in the spring and fall months, but it is not heated or air conditioned. Originally designed as a sheep, swine & goat barn, it is adaptable for diverse purposes. Whether you're planning a livestock event, an indoor drive in movie(!), dog training, or any kind of community gathering, the Curtain Sides Barn can accommodate your vision.

Why Choose the Curtain Sides Barn? The Curtain Sides Barn isn't just a venue; it's a thoughtfully designed space that prioritizes adaptability and functionality. Its robust build supports a wide range of activities for an affordable price – **only \$100 per day to rent.**
